

SWORN STATEMENT C.A. 16-896-GMS
(in support of Motion For Extension of time)

MAY 30 2018

DISTRICT COURT
DISTRICT OF NEW JERSEY

I, Anthony Nash state that today is Monday May 28th 2018, Mail (legal mail) was just delivered to Room 1 (my housing unit). Connections Summary Judgment motion and opening brief still has not come yet. According to the district court's CM/ECF website, it was filed May 22nd. The state filed their's May 21st. I recieved it May 23rd. Please review my docket sheet. I have filed numerous complaints about not receiving my legal mail on time. This is prejudicial to me because: How can I work on, complete, and then make copies of a legitimate legal argument in less than 5 days. The deadline is June 4th. This isn't fair, I've been complaining for 2 years to no avail. When something comes from the State or Fed Court I get it in a timely manner. When White & Williams files something if it comes it takes forever. Please investigate and give me an extension, preferably (14) days to answer from the time I get it. I don't know if it's the mailroom here or their lawyers not mailing when they file. Summary judgment is very important. This issue needs to be addressed.

I declare under penalty of perjury the foregoing to be true and correct, under 28 USC § 1746.

Sincerely,

Anthony Nash

Also, according to Pacer White & Williams LLP
filed one brief under seal and another "redacted version".
This is my official objection to any redacted brief.
I do not have an attorney, therefore, it is essential
that I receive all legal arguments by my adversaries.
How can they even 'redact' a brief. It ^{is} ~~would be~~
prejudicial to me to not have all of the opposing
parties filings.

Cordially,

Anthony Acsh
